Middle sister — Kitty

Youngest sister — Venus

My cat — Savannah

Middle's cat — Mittens

Youngest's mama cat — Patches

Youngest's baby cat — Darling

Kira: I can't try the red cabbage because I'm working on my FOMO

Venus: LET THE EVIL QUEEN OUT, KIRA!

Kira: ...what?

Venus: RING THE BELL!

Kira: What the fuck are you talking about?

Venus, pointing to Cassandra: She knows.

Cassandra: I do not. I'm intrigued, though.

Chapter 2: 🍊 Oranges = Yummy 😊

// Venus walks in with a knife

Kira: Why do you have a knife?

Venus: Because you won't eat fruit.

Kira, panicked: What?!

Venus: I'm opening the orange bag :3

Chapter 3: Rebound Luck Means Something That's Only Lucky In A Bad Luck Situation, Like Being In A Crash Is Bad Luck But Surviving A Crash Is Good Luck

Cassandra: Try the remote one more time, maybe we'll get a Halloween miracle.

Kira: Halloween Miracles are escaping the monster.

Cassandra: What Monster?

Kira: That's the point, Halloween musicals are rebound luck.

Beat

Kira: ...I just said 'musicals', didn't I?

Chapter 4: Yes I Do Actually Use Zap And Stars In Real Life, Deal With It

One time I kept trying and failing to escape a ball pit, and I kept cursing without meaning to and there were a ton of toddlers there, so my dad threatened to ban cursing (my family curses young, but I was still old enough to know better).

I had made fantasy curse words for my stories. I started training myself to automatically reach for them rather than actual curse words, with an 85% success rate. I no longer curse in front of toddlers (most of the time...)

Kira, waiting for the food to cook: Bored bored bored bor– Oh! I can fill up water bottles!

Venus: [laughs]

Kira: Come on, like you've never been bored out of your zapping mind?

Venus: Oh, plenty of times — that's why I snack.

Chapter 5: TW: Discussion Of Periods

Kira: Whose periods are only 4 days?!

Venus: Lots of people, actually.

Kira: I hate all of them.

Kitty, from another room: Demons, that's whose periods are only 4 days.

Kira: Wait, why would demons have periods?

Kitty: I'm just calling people with short periods demons.

Kira: But why would demons have periods??

Venus: They have to make baby demons, Kira.

Chapter 6: Funny Things We Texted Rather Than Said Out Loud

Kira: Kitty just said "My religion is Kittia, created by me to worship me. I am all-powerful, flashlights are a scam, coffee is holy life juice, and cats are sacred beings sent to punish the /i/weak/i/."

Cassandra: .Yikes. Lol.

Cassandra: ...all hail Kitty?

Cassandra: @Kitty do I get a sacred coffee cup?

//Cassandra just went to the hospital. Her kids are very worried about her. THE VERY FIRST TEXT SHE SENDS THEM FROM THE HOSPITAL:

Cassandra: Kitty I got you a leaf [picture of said leaf]

Venus: Jupiter, Saturn, Uranus, and Neptune rain DIAMONDS. Why do we get boring WATER? Even Venus gets Sulfuric Acid!

Venus: Pope's a liar, follow me.

Venus: Less susceptible to radiation + can't sunburn + can feel the spin of the earth + sees static from some extraterrestrial radio + has yellowish skin = ☐.

Kira (not for the first time): I cannot feel the spin of the Earth!

Kira: And we don't know it's from a radio

Venus: Kira, could I use your phone charger? Mine went to the pits of hell, and came back a bitchy demon.

//In this very chat

Cassandra: Just the funny bits

Cassandra: War

Kira: What???

Kira: Wait, it's not illegal to fake your own death?

Cassandra: No.

Venus: But isn't it fraud?

Cassandra: It's not fraud.

Kitty: Yeah, because you're faking papers?

Cassandra: No it's totally legal to fake your own death, look it up.

Kira: Can we do that someday??

Cassandra: Actually, I thought about doing that with Bud. We'd fake our deaths and disappear and make him think we got exploded.
