Oh my god I forgot I did an Incorrect Quotes series for this fandom, but I stumbled upon it in my notes so now I have to post it. Enjoy!

Why are the Doctors interacting? No clue, next question.

Why can the TARDIS sometimes talk? Beats me, moving on.

Why are the Master and River in the same room without violence? How the fuck should I know.

Let's get on with the fic!

Chapter 1: Reverse Tooth Fairy

Eleven: Reverse tooth fairy where you leave money under your pillow and the tooth fairy comes and leaves you a bunch of teeth.

Twelve: Why?

Eleven, shaking a bag of teeth: Just because.

Chapter 2: McRage

Nine, working at McDonald's: Sorry sir, we don't serve a McFuck here, so either you throw that one slice of pickle out or we're gonna have a McProblem.

Chapter 3: So Random

Nine, smugly, after security arrives to escort Thirteen and Ten out: So, do you wanna walk out of here or do you wanna be carried out?

Ten, in defeat: Let's go.

Thirteen: Wait.

Ten: What?

Thirteen: I'd kinda like to be carried out...

Chapter 4: I Love Her, But Her Brain Is So Scrambled

Thirteen: I'm usually that person who has no idea what's going on.

Chapter 5: Her (Beloved) Problem(s)

Tardis: I keep a picture of all of you in my mainframe. Whenever I face difficulties, I pull it up and stare at the picture.

The Doctors: Awwww–

Tardis: And I tell myself "If I can deal with these idiots, then I can deal with anything."

The Doctors: Oh.

Chapter 6: IDK 🤔

Thirteen: If you see me talking to myself, go away! I'm self-employed and we're having a staff meeting!

Chapter 7: Guitar. On A Tank. In The Middle Ages. DUDE 😊

Twelve: I came out here to have a good time and I'm honestly feeling so attacked right now.

Chapter 8: Alien Invasion Every Other Week

Eleven: Remember how I once thought that this place [gestures to Earth in general] couldn't possibly be any weirder than my hometown?

Eleven: Well, now I'm not sure how to feel about being proven wrong.

Chapter 9: The One That I Could Most See Actually Happening In Canon

Cop: You ran a red light.

Nine, on a stolen motorcycle: So did you, hypocrite.

Rose, in sidecar, head in her hands: Oh god...

Cop: I was following you!

Nine: Well that was dumb, I'm a terrible driver.

Cop: ...

Cop: Get out.

Chapter 10: CANON

New Companion, with dawning realization: Do you have any idea at all what you're doing?

Doctor, cheerfully: Why start now?

Chapter 11: Sword

//Different Doctors responding to being stabbed by a sword

Nine: Rude.

Ten: Not again.

Twelve: That's fair.

Eleven/Thirteen: Are you gonna want this back or can I keep it?

Chapter 12: Exactly How That One Episode Went

War: Are you both just complete blabbering fools?

Ten & Eleven: ...

Eleven: Sounds right, yes.

Ten: Yeah, pretty much.

Chapter 13: Again, CANON

Literally almost any Doctor to their immediate predecessor: If you can ever manage to get over yourself, I would highly recommend being me.

War & Twelve, to Eight & Eleven respectively: Can you just, like, not regenerate??? Please?

Chapter 14: He Has Two Modes

The Doctor: Someone will die...

Also The Doctor: Of fun!

Chapter 15: Exactly How The Show Played It

The Master: I am literally evil incarnate.

Missy: I'm not actually, I just enjoy being evil.

The Master: Which I think actually makes it even more evil because I'm making a conscious effort.

Chapter 16: Irony

Twelve: I drink to forget but I always remember.

Clara: You're drinking orange juice.

Chapter 17: Literally Her Entire Personality

Donna: [Hugs Ten from behind]

Donna: [Tucks Ten's hair behind his ear]

Donna, whispering: Eat all the frosted animal crackers again and they'll never find your body.

Chapter 18: Some Things Never Change~

Rose: I called you like ten times! Why didn't you pick up?

Nine: [remembers dancing to the ringtone]

Nine: I didn't hear it.

Donna: I called you like ten times! Why didn't you pick up?

Ten: [remembers dancing to the ringtone]

Ten: I didn't hear it.

Amelia Pond: I called you like ten times! Why didn't you pick up?

Eleven: [remembers dancing to the ringtone]

Eleven: I didn't hear it.

Bill: I called you like ten times! Why didn't you pick up?

Twelve: [remembers dancing to the ringtone]

Twelve: I didn't hear it.

Fam: We called you like ten times! Why didn't you pick up?

Thirteen: [remembers dancing to the ringtone]

Thirteen: I didn't hear it.

Chapter 19: Deepest Truths

//Twelve is casually searching around a park

Parkgoer: Hey dude, what're you looking for?

Twelve: My will to live.

//TARDIS appears in the middle of the park

Parkgoer: What the-!?

Twelve: Oh, there it is.

Chapter 20: My Favorite Era

Eleven, holding up his sonic: Can I go outside and play with this?

Amelia Pond: Sure, whatever. I'm not your mum, okay?

Eleven, running outside: Thanks!

Rory, running out after him and screaming: NO, DON'T EXPLODE THE STREET LAMPS! DOCTOR!

[Car crash is heard]

TARDIS: ...

Amelia Pond: Okay, fine, I'll go after them!

TARDIS: ...

Amelia Pond: ...

Amelia Pond: WELL FUCK YOU TOO

Chapter 21: Did These Two Ever Actually Interact?

River: Gatekeep, girlboss, and what's the other one again?

Missy: There isn't another one. You're crazy.

Chapter 22: Another 100% Canon Moment

Rory: Which movie are you and the Doctor going to see tonight?

River: Oh, I always go to whichever movie he wants.

Rory: Which one does he want to see, then?

Eleven: She hasn't decided yet.

River: I'm in the mood for something silly. Something with lots of, you know...

Rory: Slapstick?

River, wistfully: Gratuitous violence.

Chapter 23: TELL ME I'M WRONG, I DARE YOU

Rookie Companion: Wow, the Doctor is so competent and badass.

Experienced Companion: [snorts]

Doctor, rushing past: *We need to go I tried to make pasta in the coffee pot and now the space squid have found me!*

Rookie Companion: ...what

Experienced Companion, sighing: *Again??*

Chapter 24: He Would So Do This

Companion: Damn, no lights.

Doctor: Don't worry, I got this.

Doctor: [starts to glow with streaks of golden energy]

Companion: What-?

Doctor: I'm dying!

Companion: WHAT-?!

Chapter 25: Jack, Sweetie, NO

Jack Harkness: I committed all 7 deadly sins in 30 minutes.

Doctor: Wow, I've gotta hear this.

Jack Harkness: I was angry and envious of my neighbor so I lazily seduced his sister and ate all his groceries and didn't share.

Doctor: You forgot pride.

Jack: No, I'm pretty proud of this.

Chapter 26: Canonly, Yes He Does

Clara: Do you have any children?

Doctor: Uhh... Yeah, sort of. In a way.

Clara: Really? How many?

Doctor: Biologically, legally, or emotionally? Because there is a difference.

Chapter 27: Parallels

River/Missy: People tell me I have a unique way of lighting up a room.

Doctor, SO tired: It's called *arson* and those people are called witnesses.

Doctor: People tell me I have a unique way of lighting up a room.

Companion, SO tired: It's called *arson* and those people are called witnesses.

Chapter 28: Their Entire Dynamic In A Single Scene

Doctor: I need you to help me.

Master: Got two words for you.

Doctor: I bet they won't be helpful.

Master, holding up two fingers: Your. Problem.

Doctor: ...

Doctor: Master, *please*, I can't do this without you.

Master: Oh fine, but only because I just LOVE it when you say my name [giggles and cocks shotgun he got from... *somewhere*] Now who am I killing?

Doctor: NOT THAT KIND OF HELP

Chapter 29: TBC, Missy And The Master Are Terrible People Who Deserve Death, Occasional Humor And Minor Sympathetic Moments Don't Change That, And Neither Does The Doctor's Connection To Them

Missy: Then I've lost interest.

Clara: It's about the Doctor.

Missy: Interest regained, continue.

Graham: Last week you fell up the stairs, what do you mean—

Chapter 31: Them Interacting In Non-Battle Contexts Was Comedy Gold

Missy: Guess what?

Twelve: What?

Missy: No, you have to guess.

Twelve, thinking: I don't know.

Missy: River's in the hospital.

Twelve: Why would you make me guess that?!

Missy: ...

Missy: Hello, I'm the Mistress, I like to see people suffer. Have we met?

Twelve: Okay, yeah, fair. What happened?!

Missy: She called me 'evil Mary Poppins'.

Missy: I mean, true, but I couldn't just let that stand now could I? Just think of what it would do to my reputation!

Twelve: ...I hate you.

Missy: Love you too ☺

Chapter 32: I Want Him To Have A Child Companion So Bad, It Would Completely Change The Show In The Best Way

Young Amelia Pond: I wish I could control wasps and bees to sting my enemies.

Young Amelia Pond, shaking her head: You don't even know.

Young Amelia Pond: You disgust me.

Eleven, eating fishfingers and custard: I realize this and don't care.

Chapter 34: I Love Their Friendship

Ten, with a headache: Advil me up, daddy.

Donna: I will short out the language centre of your brain if you say anything like that ever again.

Ten: You don't know how to do that.

Donna: But the TARDIS does.

Ten: ...

Ten: ...sorry.

Chapter 35: But I Love This Dynamic More XD

Eleven: Strawberry milk doesn't taste like strawberry OR milk.

Amelia Pond: Go the fuck to sleep.

Chapter 36: Meme + Callback

Clara: Is five a lot of followers?

Twelve: Depends on the context.

Twelve: On Instagram? No, not a lot of followers.

Twelve: In a dark alley? Yes, a lot of followers.

Clara, tapping a TARDIS console: Hmm... What about little squiggly things?

Twelve: What?

Twelve: [looks at console]

Twelve: OH NO THE SPACE SQUIDS FOUND US!!!

Chapter 37: Poor Baby Has Self-Hate And Guilt Issues (Luckily I Headcanon 13 As Getting Over Them)

Companion: Okay, you're offered 500,000 dollars, but if you accept it, the person you hate the most in the world gets 1,000,000 dollars. Would you take it?

Doctor: I don't know... I mean, what would I do with 1,500,000 dollars?

Companion: ...

Companion: Doctor, no.

Chapter 38: The Standards Saga

The Doctor: I have very high standards, you know.

River: [is the embodiment of confusing Timey Wimey bullshit while also being batshit crazy]

The Doctor: Oh no! She's meeting all my standards!

The Doctor: I have very high standards, you know.

Random person wandering into the TARDIS: It's bigger on the inside?? Neat.

The Doctor: Hello would you like to be kidnapped for a while?

Person: ...

Companion: Sure.

The Doctor: Sweet! New best friend!

Companion: What happened to your old best friend?

The Doctor: They usually die horribly.

Companion: Huh. Anyways, where we going?

The Doctor, in his head: *Fuck, they're meeting all my standards.*

The Doctor: I have very high standards, you know.

The TARDIS: [becomes a woman]

The Doctor: ...

The Doctor: Okay, nevermind, I have a single standard and you just met it.

Chapter 39: Parallels 2

Companion: Doctor, what the actual FUCK?

Police Officer: You have the right to remain silent.

Doctor: I choose to waive that right.

Doctor: [screams]

Chapter 41: I'm Fairly Certain She's Short, But I Also Tend To Forget I'm Taller Than My Dad, So

Rose: Of course I have a lot of pent-up rage, you idiot! I've been the same height since I was twelve!

Chapter 42: 90% Of His Personality

Jack Harkness: I am not a whore, but — not that I've done the math — if I were, I'd be the super classy kind that gets flown to Dubai to stay in an underwater hotel.

Chapter 43: Does This Count As A Callback?

Nine: Have I ever told you that I love you with my whole heart?

Rose: For the love of all that is holy, I am not taking you to McDonalds. It's 2am!

Nine: Mean.

Companion: Do you ever get pre-annoyed? Like you already know someone is going to piss you off?

Doctor: What? No, I—

Master: [enters room]

Doctor: [jaw clenches]

Chapter 45: Yes

River, talking to Companion: Well dear, whenever I'm about to do something, I think 'would The Doctor do that?' and if he would, I do not do that thing.

Companion: ...

The Doctor, cheerfully, hanging haphazardly from a bunch of wires in the TARDIS's Control Room: She's not wrong though!

Chapter 46: Their Entire Dynamic In A Second Scene

The Doctor: Master, this morning, I called you abhorrent and reprehensible, and I'd like to withdraw that statement—

The Master: What? Why?

The Doctor: But I can't. Those are the 2 words that best describe you.

The Master: Flattery? Now I almost feel bad about trying to throw your little pets into that black hole.

The Doctor: No you don't.

The Master: No I don't.

Chapter 47: This Actually Basically Happened

Missy: I love you with all my heart and would do anything within reason to make you happy.

Missy: Too late [winks]

River: You are an open book written for very dumb children!

Chapter 49: IDK 🤔 I'm Getting Tired

Clara: Bottling up negative emotions is bad for your health, so you shouldn't do it.

Twelve: I know, that's why I bottle up all my emotions, both positive and negative, so it cancels out.

Clara: ...That's not how that works.

Clara: Are you okay?

Twelve: [cheerful] No-pe!

Chapter 50: Cats Are Cute But Unfortunately Cause Schizophrenia And Toxoplasmosis, Be Aware And Avoid Cats For Your Own Health And Safety

The Doctor: Don't mansplain this to me!

River: Wh- I'm a woman! I can't mansplain anything to you!

The Doctor: Well, I'm a feminist, and I believe a woman can do anything a man does!

River: ...Sweetie, that's not how that works.

The Doctor: Honestly, I barely understand the concept of gender in the first place, so...

Chapter 53: !Forever Friends!

The Doctor: [dies in a game with ships]

River: This ship is no longer a ship of love, it's a ship of vengeance, a gavel of justice against all that is wrong in the world, showing no mercy, as no mercy was shown to us.

River: The spark of love will now fuel the fires of destructive glory as I wage my war across the world with righteous fury.

Jack: Legend has it that The Doctor still haunts the ship, stealing my fucking snacks.

The Doctor, face stuffed with pretzels: Of course I do.

Chapter 54: Overdramatic

The Master: I've been expecting you, Doctor.

The Doctor: How did you do that without turning around? We aren't *that* telepathic...

The Master: Let's just say the first few people I did that to were not you.

Chapter 55: My Favorite [??]

The Doctor: I have one simple philosophy in life–

Twelve: Never be cruel, never be cowardly!

Nine: I like bananas. Bananas are good.

War: No more! Galifrey stands!

The Doctor: –I just can't figure out what it is.

Chapter 56: I Always Forget That Ten Was Actually Quite Rude At Times

Eleven: Well, I was lying anyways.

Eleven: Worth a shot.

The Fam: Surprise! We're having a baby!

Thirteen, excited: What?!

The Fam: [pull out adoption papers] It's you!

Thirteen: ...

Thirteen: [tears up]
